HOW TO USE THE CENTREX II SYSTEM

OFF CAMPUS LOCAL CALLS:
Listen for the dial tone, dial "9" and immediately dial the desired 7-digit number. (No waiting for a second dial tone.)

INCOMING CALLS:
Off-campus callers dial the 7-digit number of your assigned telephone and thus bypass the switchboard. Example: "454" and the assigned number.

TRANSFERRING INCOMING CALLS:
Depress the switchhook one time momentarily (automatically puts calling party on "hold"). Listen for 3 "zip" tones. Dial the 4-digit number to which call is being transferred and when called station answers, depress the switchhook once to connect the parties. After announcing the call you may either hang up or continue the call as a three-way conversation. (Note: Only one of the three parties may be outside the Centrex system.) To transfer a call back to the Centrex operator, depress the switchhook once, listen for three "zip" tones, then dial "O." (Dial "110" if conference call is desired.) Give the operator details of the call.

ZERO PLUS AND ONE-PLUS DIALING

REGULAR STATION-TO-STATION CALLS:
Dial "9" plus "1" plus the area code (if different from yours), plus the number.

PERSON, COLLECT, CREDIT CARD AND BILL-TO-ANOTHER NUMBER:
Dial "9" plus "O" (plus the area code if different from yours), plus the number.
